

# HC Preschool Field Trip Permission Form

This school year your preschooler will have the opportunity to experience a variety of field trips. These field trips provide a valuable experience for your preschooler. By signing this permission for, you authorize Holland Christian Schools to transport your child by bus when needed for a field trip. You will be notified prior to each field trip.

For safety and educational reasons, we ask that you do not bring siblings or other children along on the field trips. These are scheduled for the benefit of the children enrolled in preschool program and are not always appropriate for infants and toddlers. Also, by limiting the size of the group, the learning experience is more effective. You will be expected to help supervise a group during the trip if needed. This supervision can be compromised if you are distracted by the care of younger children.

Field trips are a great experience for adults as well as your preschooler. It is a time to enjoy a special outing with your child.

Thank you for all your support!!
